MACABEE 106 YEARS OLD.

Only Survivor of Crew of The Frigate Constitution.

Philadelphia, Sept. 23.—William Macabee, the only surviving member of the crew of the old frigate Constitution, yesterday celebrated his 106th birthday in the Naval Home in this city. "Bill's" leg was broken last month—everybody calls him Bill—but he retains a remarkable control over his faculties. Many presents have been forwarded to the Naval Home for the old sailor from persons in all parts of the country. Half a dozen pipes are included, but "Bill" declines to part with the inch and a half "bod" with the wire-wrapped stem.

WHITE PLEADS NOT GUILTY.

Representative Furnishes One Thousand Dollar Bonds.

Worcester, Mass., Sept. 23.—Representative Norman H. White of Brookline pleaded not guilty to a charge of manslaughter in the district court here yesterday, and furnished \$1,000 bonds for his appearance before the superior court in October. The charge against Representative White was the outcome of an accident on Shrewsbury street, this city, last Saturday afternoon, when Mr. White's car ran down and killed Joseph E. Bourgeois, a seven-year-old boy.

food and water is safe for those protected from stomach and bowel troubles by the use of

Sanford's Ginger

Every vacationist should have a bottle ready to dispel fatigue of travel; loss of appetite; indigestion; weakness, nervousness and sleeplessness caused by hot weather; and to break up colds, chills and many threatening illnesses.

Look for the Owl Trade Mark on the wrapper, lest you get a cheap, worthless or even dangerous substitute. Sold by druggists and grocers everywhere. Always healthy!

A Soap for Particular People

You know what Purple Azalea soap is—a sweet, lasting "smart" perfume. The goodness of

Purple Azalea Toilet Soap

depends, not only on the fact that it imparts the delightful Purple Azalea scent to its user, but because it has a distinctly beneficial effect on the skin. It contains certain essential oils that soften and beautify the skin and remove the harsh alkalies found in most soaps and which crack and roughen the skin.

FINDS AIR INVIGORATING

President Goes Sightseeing in the Royal Gorge—Spends Most of His Time on the Observation Platform.

Pueblo, Colo., Sept. 23.—President Taft spent a large part of yesterday sightseeing, and last night his train made its way through the Royal Gorge of the Rockies to the western slope.

The president on the run from Denver over the Denver and Rio Grande railroad, was in a country that he had never traversed before, and he spent most of his time on the observation platform of his train. Between sightseeing, however, he found time to deliver speeches at Colorado Springs, and to visit the state fair at this place. When the president left this city, he was anticipating with pleasure the run through the Royal Gorge. It promised to be moonlight and he was planning to take in the sights from the observation car.

The president will spend to-day at Glenwood and Montrose, Colo., and at the latter place will open the floodgates of the Gunnison tunnel and start one of the country's biggest irrigation projects.

ELECTION CHIEF UNDER FIRE.

Hughes Orders an Investigation in New York.

Albany, N. Y., Sept. 23.—Governor Hughes yesterday appointed ex-Judge William H. Wadhams of New York to examine and investigate the management and affairs of the office and department of the state superintendent of the metropolitan elections district. William Leary is the head of the department. Judge Wadhams is president of the New York State Direct Primary Association. The governor acted upon a statement filed with him by a New York newspaper, charging Leary with inefficiency in failing to take proper steps to prevent the alleged colonization of illegal voters at the coming municipal election in New York.

No formal charges have been filed against Leary, but the governor is desirous of learning if adequate preparations have been made to enforce the laws in New York at the election this fall. For this reason Judge Wadhams will begin his investigation at once and report his findings to the governor without delay.

Superintendent Leary was appointed by the governor and can be removed by him after charges have been preferred and a hearing granted.

A CLARK RUSSELL TALE.

Told by Men Adrift for Hours in an Open Boat.

St. John's, N. P., Sept. 23.—A tale of suffering and danger was related yesterday by the crew of a boat which left the new Canadian cutter Earl Grey to attempt to obtain coal and provisions on the black New Foundland coast when the vessel's supply was nearly exhausted. While on her maiden trip from Barrow to Quebec, the government vessel ran short of coal and provisions off the coast. A number of the crew manned a boat, and rowed 15 miles to Bay de Verde, where they obtained two and a half tons of coal in sacks and some provisions.

After telegraphing to St. John's, a report of their vessel's plight, they started to return. Meanwhile a severe storm had arisen and shortly after they left port the sea became so high that the boat was nearly swamped. Finally it became necessary for the men to jettison the coal to escape foundering. While the men were frantically trying to avoid being driven on the rocky shores, the mast and sail of the boat went by the board. The men were adrift all night and at daylight were picked up by a passing schooner. In boarding the schooner one of the men was badly crushed, while another had his arm broken. The men were landed at Carbonara, whence they were conveyed here.

They were sent out from this city and brought in the disabled steamer Sunday night.

CURES PIMPLES QUICKLY

Simple Remedy That Soon Clears Skin of All Eruptions.

For several weeks past D. F. Davis has done the biggest business he ever had in any one article in selling Hokaia, the skin food that has won so many friends in Barre.

It has been found to be an absolute cure, not only for all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokaia does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, D. F. Davis will sell a liberal sized jar for 25c; larger size 50c. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

JAPANESE SEALERS TAKEN.

Another Seizure Is Made in Alaskan Waters.

Washington, Sept. 23.—Another seizure of Japanese alleged seal poachers, this time at Walrus Island, in Alaskan waters, was reported to the treasury department yesterday in a telegram from San Francisco. Seal Agent Judge seized two boats, with a total of six Japanese on Sept. 2 and the men were brought to San Francisco Tuesday by the revenue cutter Bear. Their cases were set for a hearing at San Francisco yesterday.

EVER HAVE IT?

If You Have, the Statement of This Barre Citizen Will Interest You.

Ever have a "low-down" pain in the back?

In the "small," right over the hips? That's the home of backache.

It's caused by sick kidneys. That's why Doan's Kidney Pills cure it.

Barre people endorse this. Read a case of it:

Mrs. Margaret Reid, 40 Maple avenue, Barre, Vt., says: "I gave a statement in favor of Doan's Kidney Pills in 1905, and I am glad to confirm it at this time. For more than three years I was bothered off and on by backaches and at night I would suffer so intensely that I could not sleep. During damp weather I was always worse and although I wore plasters, I obtained only temporary relief. When Doan's Kidney Pills were recommended to me, I procured a box at E. A. Brown's drug store. They relieved me in a short time and I continued taking them until the pain in my back was entirely relieved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no others.

Base Ball Notes.

Cy Young got his bumps in good shape in Tuesday's game with his former team mates.

The Red Sox gained a little on the two leaders Tuesday.

The Tigers have lost four of their six games since leaving home.

Barney Dreyfuss, owner of the Pittsburgh team, is so sure of victory for his team that he has ordered 10,000 more seats built on Forbes field for the post-season series. This will bring the seating capacity of the grounds up to over 50,000, larger than any other park in the United States.

Hugh Jennings had a conference with the Philadelphia National team, owners the first of the week and it is just possible that the kicking fans in Detroit may not see Hugh again.

Just before the Cleveland-Boston game Tuesday, the former manager of the Red Sox team, Jim McInire, was presented an immense bouquet of flowers from his Boston friends.

The Pittsburghs will have to win every game of their schedule to trim out the record made by Chicago in 1906, that of 116 won and 36 lost.

The Shreveport club of the Southern League sold 13 players for \$10,000. All these players were picked up by the club's scout. It looks as though he knew his business.

BALLINGER ATTACKED

Pardee on Restoring Land of Entry

THE ACTION IS OPPOSED

By Reclamation Service—Recommended It Only on Order of Secretary—Estimates That Taft Did Not Tell the Whole Story.

Los Angeles, Sept. 23.—Former Governor George C. Pardee of California returned from San Clemente island on Tuesday night in company with the United States, and gave out a statement regarding the declarations made in the letter of President Taft to Secretary of the Interior Ballinger, exonerating that official from charges made by L. R. Glavis, chief of the field work of the general land office at Seattle. Governor Pardee was referred to by name in the Taft letter as one of those who had criticized the policy of the interior department.

Mr. Pardee said: "At the irrigation congress I read a copy of a letter approved by Secretary Ballinger and directing that over four million acres of land previously withdrawn by Garfield to save power-sites from being grabbed should be restored to entry. This was but one of the several similar orders approved by Secretary Ballinger. The president mentions but one order of Ballinger's restoring to entry only one million and a half acres and says this order of restoration was upon a recommendation of the reclamation service. I have seen documentary evidence that the reclamation service argued with Secretary Ballinger against the restoration order of which the president speaks and that it reluctantly made the recommendation only after having been repeatedly ordered by Secretary Ballinger to do so."

From Avalon, Chief Forester Gifford Pinchot reiterated his refusal to make any comments on the president's vindication of Secretary Ballinger. Mr. Pinchot said he would leave here Thursday for Washington.

Members of Latter Regia Sect Say Friday Will Be Judgment Day.

Providence, R. I., Sept. 23.—True to their belief that a great upheaval is about to occur, whereby the crust of the earth will peel off, carrying the wicked to destruction and leaving the "elect" in undisputed possession of the world, several Rhode Island families belonging to the sect known as the Latter Regia of the Apostolic church, have gone to Duxbury, Mass., the appointed waiting place for the great cataclysm.

The time set for the triumph of the faithful is Friday next at 10 a. m. Leaders of the sect from Rhode Island, Maine, and elsewhere are now at Duxbury, and it is said that many of them have dis-

posed of all their worldly goods and abandoned their various occupations.

The prediction that the earth would be rended asunder on Sept. 24 is said to have been made first by Frank N. Doughty, an East Providence member of the Apostolic church of this city, last spring.
